

TAG is your cure for Payroll headaches.

Through our powerful combination of proprietary software and highly responsive customer support, TAG alleviates Payroll and taxes headaches – and you'll feel good about having more time to run your day-to-day business. TAG can custom tailor a Payroll solution for you. For a complete list of the services we offer, visit tagpayroll.com.

Your one-stop portal for desktop and mobile devices

TAG's web-based solution allows you to review and amend files and information instantly from the desktop or from a mobile device, such a tablet or a smartphone.

Your powerful consultant and technology advantage

Whether you deal directly with TAG's Payroll consultants or enter data online, we meet your nationwide payroll needs quickly, efficiently, and accurately. Businesses rely on TAG's expertise for:

Time and Attendance tracking via web browser or mobile device.

From standard time card punches to online, biometric, text based, and GPS punches, TAG offers multiple ways to handle Time and Attendance including:

- Facial recognition
- Time clocks
- Web clocks
- Fingerprint & ID card clocks
- Texting

General Ledger Interface

If a file can be imported into a client's platform, we can integrate it. You can depend on TAG's technology and expertise to:

- Provide detailed breakout information of each pay code/employee/job.
- Export all General Ledger details into your accounting system.
- Eliminate all manual entry.

Tax Deposits and Filings

We help you facilitate federal, state, and local payroll and sales tax calculation and filing, while ensuring you meet IRS electronic filing requirements. We keep you up-to-date with tax rate changes, regulatory notifications, and more.

Other TAG Payroll services include:

- Garnishments, Levies, Child Support
- Certified Payroll – Davis Bacon
- Direct Deposit/Debit Card
- W-2 and 1099 forms
- Unlimited Custom Reports through Report Wizard
