A former ADP customer says:

"I'm getting great feedback from many people [employees] saying how much more they like TAG over ADP."

Our All-in-One Payroll, HR and Benefits Platform does what others can't

TAG's All-In-One Platform has been built from the ground-up to facilitate companies like yours. Both software and support are designed to work together seamlessly to anticipate your needs and wants. TAG has over 14 years of experience converting hundreds of small businesses – most of our customers have converted to TAG from Professional Employer Organizations (PEO) because they find that our Administrative Services Organization (ASO) has better technology, is more flexible, cost effective and easier to operate.

TAG clients tell us they would have made the change years ago if they knew how easy it is!

*"Shortly after we joined TAG, a personal relationship caused us to switch to a PEO. **It was a disaster!** Everything about them was wrong and everything about TAG was right – we won't change again, and I would (and do) recommend Tag to anyone."*
