

# Time is on your side with TAG's cloud-based solution.

Delivering accurate, cost-effective timekeeping from laptops, smart phones, and tablets.

## Cloud-Based Timekeeping

Our online solution simplifies and streamlines the entire timekeeping process, saving you time and money:

- **Time and attendance.** Eliminate employees overstating time and buddy punching with:
  - Facial Recognition
  - Time Clocks
  - Web Clocks
  - Fingerprint
  - Texting
- **Vacation requests.** Accurately record dates and avoid being short-staffed.
- **PTO Accrual.** Know which employees are owed what.
- **Performance Tracking.** Stay current with jobs, functions, and work progress.
- **GPS locations.** Recorded for each employee punch.
- **Electronic time sheets.** Track hours in real time.
- **In-the-field expenses.** Employees submit expenses and billable hours from remote sites – payroll items billed at specific rates based on hours worked, with automated complex workflow rules.
